

B-WET BAY WATERSHED EDUCATION & TRAINING PROGRAM

The California Bay Watershed Education and Training (B-WET) Program is an environmental education program that supports locally relevant experiential learning in the K-12 environment. The primary delivery is through competitive grants.

B-WET activities show an increase in:

- Teachers' confidence in their ability and their intentions to implement experiential learning in their classroom
- Students' enjoyment of learning about the ocean and protecting the ocean
- Students' and teachers ability to identify ways watersheds and the ocean become polluted and ways to prevent this pollution

Priority Areas:

Meaningful Watershed Educational Experiences for Students

- Weaves together classroom learning with field experiences
- Sustained Activity
- Aligns with standards of learning

Professional Development for Teachers

- Reinforces a teacher's ability to teach, inspire, & lead
- Teachers learn why and how to use inquiry based learning in their classrooms

After School, Science Camps and Summer Programs

- Recognizes the importance of programs that enforce what is occurring in the classroom
- Provides additional opportunities for students to connect with their outdoor classrooms.
